Beer On Tap For Cameron Friday Morning

Night Football is Made Possible With Lighted Field Here

BEGIN INSTALLATION OF LIGHTS FOR FIELD HERE

Workmen began Thursday on the installation of a modern system of flood lights on the new athletic field for Yoe High School, one block north of the High School Building Order for the equipment was placed early in the week and the installation will be complete in time for the first game to be played on the home grounds against the Giddings High School at eight o'clock Friday evening, September 29. Lighting equipment was purchased from the General Electric Company, and the whole cost will be slightly in excess of $1200.00.

The purchase was made possible by the liberal response of the people of Cameron for the season ticket sale which amounted up to date to a little more than $400.00. Football prospects are unusually bright in this session. While only a few letter men were carried over from last year's team, there are a number of promising prospects among the new men and Coach Haynie is rapidly training his new material into fast smooth running machine. The following games have been scheduled: September 29, Giddings; October 11, Hearne; October 20, Taylor; October 27, Caldwell; November 17, Bryan. The following out of town games are on the schedule: October 6, Navasota; November 3, Rosebud; November 10, Rockdale; November 24, Brenham.

Extensive plans are under way for the dedication of the new athletic field on Friday, September 29. The band is to be out in full regalia with plenty of stirring music, and the pep squad is in training for some attractive stunts between halves. Report from Giddings indicate that Giddings High has a real football squad and Cameron fans shall rest assured that a real treat is in store for them. It will be a big night.

PLOWUP COTTON CHECKS RECEIVED IN COUNTY

Geo. Banzhaf, county agent, has received 46 checks for Milam county farmers from the government in payment of cotton acreage plowed under by the farmers.

This is the first number of checks received. They have been distributed through the office of the agent here.

Mr. Banzhaf pointd out that as soon as checks are received the owners will be notified to call for them Until notified, farmers are requested not to call for checks as they will not all be available at once.

By co-operating with the agent who will notify each one immediately on receipt of the checks, the farmers will not make any unnecessary trips to Cameron.

The largest amount involved in the checks was for $700 it was said. Other checks are expected to reach the county within the next few days.

AThought For Today

Men are so inclined to content themselves with what is commonest; the spirit and the senses so easily grow dead to the impressions of the beautiful and perfect, that every one should study, by all methods, to nourish in his mind the faculty of feeling these things. For no man can bear to be entirely deprived of every enjoyment. It is only because they are not used to taste of what is excellent that the generality of people take delight in silly and insipid things, provided they be new. For this reason, one ought, every day at least, to hear a little song, read a good poem, see a fine picture, and, if it were possible, to speak a few reasonable words.

These pictures are the first taken in the lower Rio Grande Valley of Texas showing devastation wrought by the Gulf hurricane that swept that region last week. These photos were made by the Texas News Photo Service and rushed to the office of The Herald for immediate publication.

Medical Society Will Give Relief Assistance

A special meeting of the Milam County Medical Society is to be held on Friday, September 15th at 7:30 p. m., to formulate a plan for the society to give the requested co-operation to the Texas Rehabilitation and Relief Commission which is:

That the Milam County Medical Society give them their assistance necessary to qualify the applicants for relief.

The system of the Relief Commission requires the applicants to be grouped:—

Whether they have any physical defect.

What form of labor may be given them.

It is suggested that this be done with as little burden to the doctors and dentists as possible.

We all know that in times like the present those in need must be cared for, and that the doctor has never shirked his part of that duty.

Dr. W. M. Brook will present clinical cases if time will permit.

Rev. J. P. Love, chairman of the Milam county Rehabilitation and Relief Commission, will be the speaker on the relief work in Milam County.

Your presence, suggestions and co-operation is earnestly requested. 7:30 p. m. Friday, September 15th, at the Cameron Hospital waiting room.

Dr. Eduard Rischar, Pres.
Dr. G. B. Taylor, Sec.

HARRY ROGERS TRIAL IN DISTRICT COURT

Trial of Harry Rogers for the murder of Garnet Beardon on the highway in Milam county near Wire Bridge on May 26 was begun in District Court Monday. Motion for continuance was overruled by Judge Graham Gillis.

A jury was completed Wednesday and testimony was begun. The following compose the jury: Rice Dennis, J. H. McKinney, C. F. Swift, W. M. Faulkner ,Gus Johnson, Henry Lippman, W. T. Smith, W. E. Weathered, J. W. Sykes, Robert Connor, F. L. Phipps and E. H. Walston.

A plea of self defense has been entered by the defendant through his attorneys DeWitt Bowmer and A. J. Lewis, former Criminal District Attorney.

S. M. Burns, Criminal District Attorney and E. A. Camp of Rockdale represent the state.

Beardon died in a Temple hospital from the effects of a gun shot wound. The shooting occurred at night. Rogers approached the car in which Beardon and others were seated. An argument occurred and the shooting followed, it was said.

HEALTH PROGRAM TO FREE SCHOOLS DISEASES

Under the able leadership of the County Health Officer, Dr. W. R. Newton, and City Health Officer, Dr. A. S. Epperson, an intensive campaign against contageous diseases has been launched in the Cameron schools and schools throughout Milam county. Within the past three weeks hundreds of children have been inoculated against typhoid fever, diphtheria and small pox.

The work has been carried on by local physicians and nurses and a careful check is being made to see that all students in the Cameron schools have received vaccination. In addition to this campaign Cameron teachers have formulated an intensive health program which will be carried on throughout the year.

Cleanliness will be featured as the chief aim of the program. Effort will be made to set up among the students proper health habits in which sleep, exercises, fresh air, proper diet be given proper emphasis.

Miss Moore, public health nurse from the Department of Health, of Austin, addressed the Cameron teachers Tuesday, calling attention to the health chart which the State Health Department is trying to introduce in the schools of the state. The teachers expect to receive intelligent and cheerful cooperation from the parents in this effort for child welfare.

Miss Ruby Louise Robbins will teach school at Hoyte this fall term.

SIX INDICTMENTS ARE RETURNED BY JURY

Six indictments have been returned by the Grand Jury in District Court, four for the grade of felony and two misdemeanor cases.

The Grand Jury adjourned Friday of last week after making a complete report to the court.

Felony cases were returned as follows: J. D. Smith, conversion by bailee; Charlie Taylor, disposing of mortgaged property; Marvin Strader, two cases, charging failure to stop auto and render aid; Ernest Buckhannon, two misdemeanor cases on charge of theft.

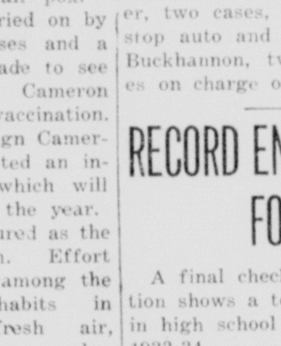
RECORD ENROLLMENT FOR HIGH SCHOOL

A final check up on the registration shows a total of 417 students in high school for the session of 1933-34.

This does not include about twenty five or thirty who have registered but who are at present picking cotton.

There ar e now enrolled 120 Seniors, 86 Juniors, 86 Sophomores, 114 Freshmen and eleven Post Graduates.

E. J. Horlica of Route 1 out of Cameron, was a business visitor in Cameron Saturday. He will read the Herald next year, being among the large number to subscribe last week.



The farmer and the resident of our rural communities have a vital stake in the National Recovery Program. Success of the program means a better, brighter day for them and proportionately more than for the industrial worker and the city dweller in general.

While there has been overproduction of certain farm products, underconsumption caused by business and industrial paralysis and wide spread unemployment, resulting in a huge loss of purchasing power, has contributed principally to the farmer's distress.

Farm prices have been low largely because the drop in the income of the people has sharply curtailed demand and the farmer must take what he can get for his products, not what they are worth.

The farmer has rightly been called the backbone of the Nation. At no time in our history has his wholehearted help been needed more than now. He can work the more earnestly in contributing to the success of the recovery drive because he knows that when the big turn comes he will share in the prosperity that follows.

President Roosevelt, whose farsighted and dynamic leadership has already initiated comprehensive measures designed to aid the farmer directly in solving his own problems, is depending upon the rural dweller to put his shoulder to the wheel and help get the country back on its feet.

BAPTIST REVIVAL IN PROGRESS IN CAMERON

Services of the Baptist Revival are being held twice daily at the First Baptist church, at 9:30 a. m. and 7:30 p. m. Rev. N. Y. Pond has been doing some excellent preaching. Those who have heard the sermons have been ready to comment upon the earnestness, the validity and the virtue of the messages.

In a day when too many are ready to support a camouflage religion or when too many have been nipped by deceptive language of corruptionists and the baseless twaddle of modern skeptics, it is really refreshing to listen to one who preaches the honest truth with unflinchable boldness.

The spirit and fellowship of earnest endeavor await all who come to these services. Our little town needs a good revival of religion. Sunday is flagrantly commercialized. Strong leaders in civic affairs are not religious. The trend of educational outlook is pleasure vaunted.

Cameron has more good people and less religion than many towns the author of this article knows about. Billboarded and beer threatened, what our little city needs is more of the spirit of Jesus Christ. Come to the revival.

N. D. Timmerman.

LEGION BARBECUE FOR VAN PERKINS TUESDAY

A barbecue at Legion hall Tuesday night by Central Texas posts in honor of L. Van Perkins, State Commander, has been arranged.

Lee R. Clore, Post Adjutant, said that about 15 Central Texas Legion Posts will participate in the barbecue.

Mr. Perkins is in Dallas serving on the Board to pass on claims by veterans. The barbecue will feature his home coming.

2758 STUDENTS GIVEN DISEASE PREVENTION

The clinic school for Milam county, under the direction of Dr. W. R. Newton, county health officer, assisted by Miss Celia Moore, itenerant nurse of the Bureau of Child Hygene from the Health Department at Austin, has progressed under schedule time.

There had been 1879 students given diphtheria toxoid and 879 students had received the typhoid serum up to Monday this week.

They will hold clinics at the following places and dates in the county: Burlington, September 15th, 22 and 29; one will be held at Davilla September 18 and 25; Milano, September 19 and 26 and October 3; Cameron, September 20; Buckholts, September 21; Yarrellton, September 20 and 27. Thorndale, September 21 and 28 and October 5; Sharp, September 15 and 22; Jones Prairie, September 18 and 25 and October 2 in the morning; Gause, September 19 and 26; Rockdale, September 20 and 27 and October 4; Clarkson, Sept 21 a. m., and 28 p. m.; Maysfield, September 21 and 28.

Miss Moore talked to the teachers Tuesday afternoon at the Ada Henderson building on school health programs.

Joe Glenny, Jr. Buys Milam Hotel In City

Mr. and Mrs. Joe Glenny, Jr., and family have moved here from Austin and have purchased the Milam Hotel from R. K. Anderson who has been running it for several years. Mr. Glenney will conduct the hotel on the European plan and says he has come to Cameron to make his home, and has ordered the Herald sent to his address for one year. Cameron people are glad to welcome him to our midst.

LEGAL BEER IN MILAM FRIDAY SEPTEMBER 15

Beer will be legal in Milam county on Friday morning when license will be issued to dealers in this county. In all there have been 36 applications both retail and wholesale.

Hearings on applications were completed this week before Judge Jeff T. Kemp. Retail beer sales will be made in a number of locations in the city.

As reported from Roy Law, tax collector, there are two types of distributors, general and local. The general distributor will sell over more than one county and the local over one county only. The general distributor will pay $200 state tax, $100 county tax, $100 city tax and $50 federal tax per annum.

The local distributor pays $50 state tax, $25 county tax and $25 city tax, plus the federal tax.

The two types of retailers are those which allow the consuming of beer on the premises or carried away, this type paying $100 state tax, $50 county tax, 50 city and $20 federal; second, the package dealer premises, this type paying $50 state who sells in original package and not to be opened or consumed on his tax, $25 county, $25 city and $20 federal.

The county tax collector gave some of the laws governing the sale of 3.2 beer as follows:

It shall be unlawful to sell beer to anyone under 21 years of age, and no female person and no male person under 18 shall be employed in a place of business where sale of beer is the principal business.

It shall be unlawful in any event for beer to be sold on any election day between the hours of 7 a. m. and 8 p. m.

Sapp Motor Company Star Tire Dealers

An announcement of interest to Cameron and trade territory is made by Sapp Motor Company this week.

The local company has been made dealer for Star Tires and this issue of the Herald contains a display advertisement of interest to all.

John Sapp has stocked a large supply of these tires and counts his company fortunate in securing the agency for this popular quality tire.

Prospective tire buyers will be interested in what he has to say concerning this new agency arrangement.

124 BUSINESS FIRMS SIGN NRA PLEDGE

Cameron has 124 business houses which have signed the code to 20 who have not. There have been 118 additional people added to the regular pay roll and salaries have been increased fully $5,000 per month.

In addition to this increase of force, 99 extra clerks are employed on Saturdays, according to W. M. Cobb, secretary of the Chamber of Commerce, who has recently completed and checked up on the NRA drive.

First Scenes From Valley Storm

These pictures are the first taken in the lower Rio Grande Valley of Texas showing devastation wrought by the Gulf hurricane that swept that region last week. These photos were made by the Texas News Photo Service and rushed to the office of The Herald for immediate publication.

Man Charged In Negro Shooting at Maysfield

Chas. Steele of Maysfield surrendered to Justice of the Peace John Thweatt Saturday afternoon at Maysfield following a shooting in which Sam Rose, a negro, of Maysfield was wounded with a .45 automatic pistol.

A charge of assault with intent to murder was filed against Steele, and bond made.

It was reported by officers that the negro owed a payment on a car to Steele, who asked the negro for it, and the negro abused the white man. Steele then returned to his home and got his gun and met the negro near the Maysfield Mercantile store, where the shooting occurred. The negro is in the Cameron Hospital.

This Letter Will Bring Joy To Fat Folks and Neuritis Sufferers

"Dear Sirs: I was so crippled with neuritis all down left side of my head and arm and both knees so swollen that I could hardly get up and down. At times my feet pained so badly I thought my toes would break off. I tried everything. The doctor told me I would be no better while I lived here but I stopped in a drug store in Brooklyn, N. Y., one day last November and the man in charge told me to take Kruschen for 3 weeks steady and I would get relief which I did. **Never felt better and along with it, have lost weight. I weighed 210 then. Now I weigh 154 and while I'm over 50 yrs. old I feel 30. I took it for one thing—got two—so I now have 6 others here taking it.**" Mrs. A. V. Carr, Ft. Tilden, N. Y.

"It's the little daily dose that does it" so take a half teaspoonful of Kruschen in a glass of hot water every morning before breakfast. Get Kruschen at any live druggist in the world—a jar lasts 4 weeks and costs but a trifle.

LEGISLATURE CONVENES TODAY IN CAPITOL

AUSTIN—Texas legislators, after a three months respite, began arriving at the capital tonight for a special session of the 43rd legislature. They went home last June 1 at the conclusion of a regular session which lasted almost five months.

Governor Miriam A. Ferguson has asked them to reconvene Thursday to consider emergency legislation. Chief of the subjects is enactment of laws that will carry into effect a constitutional amendment voted Aug. 26 to authorize the issuance of state bonds, not to exceed 20,000,000 to succor families made destitute because of unemployment.

Second in importance, the Governor listed proposed amendments to the state's stringent anti-trust laws, which might hamper industry from taking full advantage of the president's relief program.

Although the executive did not include passage of a sales tax in the list of subjects named as creating an emergency, many legislators believed that method of raising revenue to support the government likely would be brought up during the session.

Sentiment seemed pretty eveuly divided on the issue whether revenue-raising measures were needed at this particular time.

Thousands of Women Have Taken Cardui on Their Mothers' Advice

It is an impressive fact that many women have said they learned of the value of Cardui from their mothers.

What stronger evidence of her confidence in a medicine could a mother have than that she advises her daughter to take it!

Cardui is given the credit for relieving so many cases of womanly suffering that it is widely and favorably known. Druggists, everywhere, sell it.

If you are weak, run-down, suffering monthly, take Cardui. Take it for a reasonable length of time and try it thoroughly. As your health improves, you will share the enthusiasm of thousands of women who have written to say: "Cardui helped me."

Chevrolet Production For August Is High

With an increase in production of cars and trucks in August of this year, which has more than trebled August, 1932, W. S. Knudsen, president and general manager of the Chevrolet Motor Company, announced that it had passed the half millionth car in the year's output.

August production of 73,433 units was 204 per cent over the same month a year ago. It brought production for eight months to 511,433 units, as compared with 394,000 for the full twelve months of 1932.

When compared with 1930 and 1931, August, 1933, shows large increases, approximately 22,000 over the former and nearly 20,000 over the latter. The sizeable increases over those two years and the exceptionally large margin over August of last year show clearly and emphatically how business has turned for the better, Mr. Knudsen said.

The month just passed ranks fifth in point of production in August history. It was only exceeded by August of 1926, 1927, 1928 and 1929.

Will Spiegle of Sharpe was a business visitor in Cameron Monday. He ordered the Herald to his address there for another year.

W. B. Denson is among the large number of new readers of The Herald, having ordered the paper to his Cameron address for this year.

PROSPECTS ARE GOOD FOR HIGHWAY IMPROVEMENT

Through the $3,000,000 National Emergency Relief fund, an appropriation of $100,000 has been made to Cameron for the construction of a Santa Fe underpass and the paving of streets through the city of Cameron on highway 44, according to W. M. Cobb, secretary of the Cameron Chamber of Commerce.

The city has been asked to secure right of way for this project.

The city has applied for money to extend the sewage system, a project which probably will be acted upon favorably in the near future.

Milam county citizens also have been interested in the re-building of highway 36 from the underpass south of Milano to Washington county line. A favorable report of the securing of right of ways between Milano in Milam county and the Burleson county line are favorable. This highway will give traffic from West Texas a direct route over highway 36 to Houston, shortening the distance from these points to the gulf about 50 miles and will also give a shorter distance from Cameron to Houston.

Highway engineers are now locating two proposed routes from Cameron to Elm Creek bridge for which right-of-ways will soon be arranged for. The highway department desires to build from Cameron to Burlington, a distance of 15 miles and highways have have been secured from Elm Creek to Burlington, but are awaiting the securing of highways for the city project of the underpass and paving so as to make it one project.

Why Liquid Laxatives are Back in Favor

The public is fast returning to the use of liquid laxatives. People have learned that the properly prepared liquid laxative will bring a perfect movement without any discomfort at the time, or after.

The dose of a liquid laxative can be varied to suit the needs of the individual. The action can thus be regulated. A child is easily given the right dose. And mild liquid laxatives do not irritate the kidneys.

Doctors are generally agreed that senna is the best laxative for everybody. Senna is a *natural* laxative. It does not drain the system like the cathartics that leave you so thirsty. Dr. Caldwell's Syrup Pepsin is a liquid laxative which relies on senna for its laxative action. It has the average person's bowels as regular as clockwork in a few weeks' time.

You can always get Dr. Caldwell's Syrup Pepsin at any drugstore, ready for use. Member N. R. A.

Cameron Boy Scouts Planning New Troop

Plans for a new Boy Scout Troop are under way in this city, according to F. E. Jackson, Jr., who, with Ernest Sharpe, is assisting in the organization.

The new troop will take up the charter of the former Troop No. 32 of Cameron, whose charter expired last May and was not registered, and will be under the name of Troop No. 32, but under the new organization the ages will be limited to 12 and 13 years instead of having the ages ranging so widely as the former troop. The organization will be completed October 1.

When completed, it will be the 3rd active troop in Cameron. It is the aim of the scoutmaster and assistants that this new troop receive their tenderfoot badges at the Heart O' Texas Court of Honor, to be held in Waco November 11.

Herman Lange, well known farmer of Old Nashville, spent Monday in Cameron.

Miss Katherine Atkinson of Austin was a Sunday guest of her aunt, Miss Lilian Atkinson.

Hints for the Household

By BETTY WEBSTER

"Rain, rain, go away,
Little children want to play."

The children nowadays don't sing this song for, since the sudden rise to popularity of the once despised "slicker boys and girls and grown-ups, as well, can enjoy the rainy days. I think the yellow oil skin is probably the most universally worn although the coats do come in a variety of colors.

I guess there are not many schools in which the morning tooth-brush drill is omitted from the curriculum. Usually children dislike anything that they know is beneficial. But the various jingles which have been set to music have given a new aspect to the lessons and the boys and girls enjoy them hugely.

I was genuinely surprised and horrified, though, when I learned how few people actually own tooth-brushes. I don't think the percentage of non-owners is so great here, perhaps, as it is in very large cities where there are many uneducated people. Indeed, I don't think it ought to be.

Lamb Shanks

Lamb shanks are inexpensive and delicious. When prepared properly the meat is tender and tastes like chicken. Put the shanks in boiling salted water and allow to simmer for four hours. Then put potatoes, which have been peeled and halved, and string beans into the kettle with the meat and boil for one hour.

Peach Mangoes

Peel large freestone peaches; cut in halves and removes stones. Fill the cavities with maraschino cherries or with the following mixture:

1 cup of preserved ginger, sliced thin.

1 teaspoonful of grated horseradish.

1 mustard seed.

1 teaspoonful of celery seed.

1-2 teaspoonful of black pepper seed.

Tie the peach halves together and drop into a syrup made as follows:

1 quart of vinegar
3 pints of sugar
2 ounces of cinnamon bark

(Put spices in a muslin bag and drop into vinegar and sugar mixture.)

Cook the fruit very gently in the syrup until tender; then lift from syrup and place in jars. Cook the syrup until slightly thick; pour it over the peaches and seal the jars.

Bad Taste in Mouth, Sour Stomach

For quick relief from constipation troubles, such as are mentioned below, get a 25-cent package of Thedford's BLACK-DRAUGHT and begin taking it today.

"I have suffered a great deal from biliousness and constipation," writes Mrs. D. C. Jones, of Waterloo, Ala. "When I get bilious I have a bad taste in my mouth, have sour stomach, my color is bad, and I get dizzy and feel awfully bad. I have headache constantly. When I take Black-Draught it relieves me and I feel like a new person. I don't think there is a better medicine than Black-Draught."

Now you can get Black-Draught in the form of a SYRUP, for CHILDREN.

A Good Citizen

A good citizen is one who supports his Government, as well as the forces for the upbuilding of his Home Town. We want the co-operation of every citizen of this community in increasing the efficiency of the power and light facilities in every direction, for only by the co-ordination of our efforts and by the support of our patrons can the Texas Power & Light Company succeed.

The public requires service to the end that the community may grow, develop and prosper. Without the service furnished by a proper, adequate, up-to-date system of electric power and light, no community can develop as it should. You are interested in the continued growth of your electric light and power system in order that your community growth and development may not be retarded.

As a Public Servant, with a whole community to serve, the Texas Power & Light Company recognizes that it has a public trust to discharge. It realizes that while the Company and the public have mutual obligations, the rights of the public must come first.

This Company is proud of the property as it stands today. It represents an achievement of thrift, good management and progressiveness. It thinks you should be proud of your electric power and light system. It believes that you are, and that every citizen who is open-minded and fair will be glad to help us rout ill with candor, confront prejudice with facts, and in the friendliest spirit help us face problems which only cordial co-operation can solve.

J. W. Carpenter

President and General Manager,
TEXAS POWER & LIGHT COMPANY.

'A New Deal in Football'

LET'S GO! YOEMEN

Something more than Football has come back to Cameron . . . something more than the mere joy of the game when athletes stir our appreciation of American virility.

A "New Deal" has come to High School athletics. The spirit of co-operation . . . of appreciation and loyalty burns bright to-day on the eve of the opening of the 1933 season for the Yoemen.

Thanks to Cameron citizens and school patrons who love their Yoemen, night football has been made possible and powerful lights will flood the field of glory on Friday night when the cleated toe sends a spiral down the field. We say it is a happy occasion for Cameron and beneath the maroon jersey of every Yoeman a heart of gratitude beats.

We have said it with light. We have said it with our money and our every-game support. We'll all be there for the kick-off.

51 Skeletons of Old Race Are Found In Leon River Graves

Belton, Sept. 23—A major find in the field of anthropology, which will provide valuable data in establishing facts regarding early inhabitants of this section, resulted in a chance discovery recently by Justice of the Peace T. A. Saunders on the bluffs of the Leon river below Bland. Fifty-one skeletons of three separate eras and cultures were found in recent excavations.

First discovery was when Mr. Saunders unearthed 17 skeletons of a race believed to be the "Red Indians," which inhabited the entire state of Texas at the time of the coming of the white man. Mr. Saunders turned the find over to F. B. Russell of Belton, and Mr. Russell unearthed seven more skeletons before calling in the anthropology department of the University of Texas.

Excavations were then started by Professor A. T. Jackson of the University. They led to finding of two more distinct group burials directly under the place where the top skeletons were discovered. Fifty-one skeletons have been taken up in all and a major portion of them have been taken to the University for preservation in the state museum.

In the lowest strata skeletons were found which are estimated to be 1,500 years old. In this strata were numerous conch shell beads, ear and pendant ornaments, which indicated that this tribe was on trading relations with the gulf tribes, or had migrated from the gulf to this section. With these ornaments the party found spear heads and arrow points, one war club, and about 800 beads.

In the second level were found spear points and arrow heads, grindstones, and four or five "metatas" which are used in grinding corn.

The top level, in which Mr. Saunders had dug, had been disturbed and a great deal could not be determined concerning them, but the top burials were estimated to be between 400 and 800 years ago.

All were buried in "bunch burials" which means that the bodies had first been placed on the surface or in trees until the flesh had deteriorated then the "bone-gatherer" of the tribe had buried them four or five to the grave.

BUCKHOLTS

Mr. and Mrs. John Kuzel and little son, Emil, were Seaton visitors Thursday.

Buckholts school will open Monday, October 2 with the following teachers in charge: E. L. Hinson, Harvey Yoe, Miss Winzell, Miss Prinzing, Miss Joe Williams, Mrs. B. N. Goodwin, Mrs. W. P. Elliott.

Mr. and Mrs. Fritz Pargemann of Rosebud were Sunday guests of Mr. and Mrs. Frank Zawadzke.

Miss Prinzing of Bartlett was a Buckholts visitor Sunday.

F. V. Schiller, who has been ill, is improving.

Theodore Bryant of San Diego, California, was a guest of his grandparents last week. He made the trip in his car, stopping in Moran, Texas for a visit with his aunt, Mrs. Will English. Mr. Bryant belongs to the navy. Is on the ship Blakely.

Marvin Slovacek attended a dance in Austin Monday night.

Quarterly Conference was held at the Buckholts Methodist church Sunday. Rev. Ingram, presiding elder, preached at the eleven o'clock hour. The other churches of the charge were fairly well represented. A basket dinner was enjoyed at the noon hour.

Mrs. Ed Oates has returned to her home in San Angelo after a pleasant visit in the home of her brother, E. B. Hyer and family.

Honoring Louis Zajicek a surprise birthday party was given Saturday evening at the home of Mr. and Mrs. Albert Zajicek. Only relatives and close friends were in attendance. A pink and green color scheme was carried out in decorations. Queens wreath and ferns made lovely bouquets. The party was out of doors on the lawn. Chicken, salads, pies, bread, pickles, tea, cake and ice cream were served.

There will be a community Party sponsored by the Corinth Home Demonstration Club on the Corinth schol grounds Saturday night, Sept. 30.

Dr. Schaffer of Rogers was in the Corinth community Monday.

School Class Wins Picnic In Contest

The seventh grade of the Ada Henderson school enjoyed a picnic at the city park late Friday afternoon with their teacher, Miss Blanche Hensley.

This class won the coat hanger contest. The seventh grade collected the largest number of coat hangers. They will be sold to the tailors and the money used to buy books.

WHY
Schlitz
In Brown Bottles
IS
FIRST
THE answer is short. It has a flavor superior to that of other beers.
Why is it better? Because SCHLITZ scientists have solved a problem that puzzled the best minds in the brewing industry for many years. SCHLITZ has worked out a secret control of enzymes in beer.
What are enzymes? They are mysterious substances that exist in all living cells. There are many kinds of enzymes. Each kind has its own particular job.
Some enzymes produce a pure brew and some enzymes produce a brew which is actually injurious to health.
Never mind the details. It is sufficient to state that the enzymes digest the different ingredients until they go into solution — which we know as beer. But — the enzymatic activities must be controlled. How to control them is a SCHLITZ secret.
You know that any brewer can put malt, hops, yeast and water together — but unless the enzymatic action is skillfully controlled the result is a rank, ropy beer that may produce indigestion or be harmful otherwise.
But SCHLITZ in Brown Bottles — The Beer That Made Milwaukee Famous — is healthful, uniform, sparkling, brilliant. It is a health giving, predigested food.
Drink SCHLITZ freely. It is good and good for you. It is fully fermented at the brewery — it will not make you bilious because it is brewed under perfect enzymatic control. The Brown Bottle protects its goodness from the brewery to your glass.
By the case or in the attractive SCHLITZ Handy Six.

DALLAS GAS RATE

The outlook for a 20 per cent rate reduction in natural gas in Dallas and 250 other Texas cities and towns does not seem particularly rosy, and there's nothing much anyone can do about it. It is true the state railway commission has ordered the wholesale or gate rate to supply companies cut from 40 cents per 1,000 cubic feet to 32 cents, but that is only the first step.

With this order put into effect with what seemed to be reluctance on the part of the commission, the further proceedings will doubtless be in the courts. There the whole question of valuation on which the commission's order is based will have to be gone over again, as well as what is a reasonable return on capital in these days.

The Kansas state public utility commission recently ordered the gate rate in that state cut from 40 cents to 30 cents and lost out all down the line before a three-judge federal court. Among other things the court held that 8 per cent was a reasonable return especially as the gas business was a hazardous business. With what are considered prime securities selling at prices so low a return of 12 to 15 per cent was possible, the court thought 8 per cent was fair.

Since the Texas railroad commission went into the matter of the gate rate, NRA has come along and changed a good deal of the picture. The federal government is seeking higher prices as well as higher wages and more jobs, and the gas companies in Texas promptly fell into line, on the latter, raising wages a half million dollars. A court, especially a federal court, undoubtedly would give weight to this development in the situation.—Dallas Dispatch.

cations are the city will have a first rate team this year.

The field is lighted by the Texas Power & Light Company with eight 60 foot poles and each with a 32 inch reflector and four 1400 watt lamps. The power company was most considerate of the school and city and through its enterprising manager, Mr. Young and Mr. Terry, this great bost for Cameron is made possible.

Preparations are being made to handle a record crowd, and indications are that two thousand will witness the game and enjoy the novelty of the new lighted field. The Cameron band will furnish plenty of stirring music and the pep squad has some surprises in the way of new stunts.

Coach Haynie has nothing to say about the Yoemen. "Come and look them over Friday night and draw your own conclusions about the chances of the Yoemen in 1933," was the only comment he had to make to the sport writers.

He did add that the boys have some tough assignments this year especially at home with Giddings, Hearne, Taylor, Caldwell and Bryan. Any football fan will realize that a team must be plenty good to carry out these assigaments.

Probable starting lineups for Friday night are:

YOEMEN

Relieves Women's Pains

Here is an example of how Cardui has helped thousands of women:

"I was very thin and pale," writes Mrs. F. H. Scott, of Roanoke, Va. "I suffered from weakness and a severe pain in my back. This pain unnerved me, and I did not feel like doing my work. I did not care to go places, and felt worn, tired, day after day.

"My mother had taken Cardui, and on seeing my condition she advised me to try it. I have never regretted doing so. I took three bottles and it built me up. I gained in weight, my color was better and the pain left my back. I am stronger than I had been in some time."

Cardui, the purely vegetable medicine which so many women take and recommend, is sold by local druggists.

of way will be taken up.

The Highway Department has approved the Underpass as a city project and have approved building State Highway 44 entirely through the county as a county project. All they ask is the right of way.

Judge Kemp and some residents of Thorndale went before the Highway Commission at Austin Tuesday to ask for the designation of the Salem-Sharp road as a continuation of Highway 69. They were asked by the chairman "why did they not get all the right of way for Highway 44" and said they were ready to build the road.

The right of way on Highway 36 has all been secured but three tracts and Commissioner Hairston agreed to see these people and arrange to get them.

Dr. Newton in a phone conversation with the Highway Department found that they had the right of way through Burleson county and asked that we hurry in getting these three tracts so they could begin work at Milano.

George Banzhaf reported that 600 plowed up cotton checks already received amounting to $68,000 of a total of $512,000 for this work.

T. S. Henderson spoke in commendation of the president and vice president.

R. G. Grabein, member of committee on peddlers and car sellers, who are doing business on streets without paying rent or any other overhead, had reported same to City Marshal, and he took him to Mayor Smith who said "there is no ordinance against it."

HISTORY CLUB

The initial meeting for the season for the Cameron History Club was held at the home of Mrs. James L. Coleman.

In the absence of the president, Mrs. Graham Gillis, Mrs. E. A. Wallace, vice president, presided over a short business session.

A number of members of the Club attended the Century of Progress at Chicago, and during the social hour gave talks on their summer vacations and what interested them most at the fair. Among those to attend were Mrs. T. S. Henderson, Mrs. John C. Culpepper, Miss Winnie Henderson and the hostess, Mrs. Coleman.

The hostess was assisted by Mrs. S. A. Cottle in serving sandwiches, cakes and drink. Guest other than club members was Mrs. Willie Rayzor of Dallas.

CHORAL CLUB

The Blue Bird Choral Club had as director this year Miss Dora Emily Moore who succeeded Miss Alice Adelle Wilkerson as instructor. The club has made a splendid record in the past and won state distinction in choral contests.

Miss Moore is making plans for this new year's work, and for their uniform, and when completed will be ready for social engagements, as the club has always been popular and much sought after in social programs.

THURSDAY CONTRACT BRIDGE

The Thursday Contract Bridge Club met Thursday afternoon with Mis Wiss McDermott at her home on East 23rd street.

Summer flowers emphasizing the pink tones, added touches of beauty to the party rooms, where three tables of players enjoyed a series of games. High scores were won by Misses Dinks Baskin and Cora Barmore, who received a novelty book mark and a set of bridge pencils.

The hostess served ice cream and cake on large decorated tables at the close of the games.

Miss Wis McDermott was elected secretary of the club, which will meet every Thursday afternoon.

Members present were: Misses Cora Barmore, Wis McDermott, Bonnell Neinast, Dinks Baskin, Helen Blaylock, Nancy Rea Slocomb, Dora Emily Moore, Bettye Randolph, Foldyne Rylander, Arnett Ryan, Mrs. Leland Green, Jr., and Mrs. Alvin Mondrik.

Achievement Days Program Announced By Home D. Clubs

Miss Ora Mae Blair of Handley Is Wed To Joe E. Furneaux, Cameron Business Man

The marriage of Joe E. Furneaux to Miss Ora Mae Blair at high noon Sunday, September 17th at the home of the bride's parents in Handley will be of much interest to many friends in Cameron and over the state.

The bride is the daughter of Mr. and Mrs. M. D. Blair of Handley, was an honor graduate of C. I. A. at Denton the past June and was popular on the campus and in all activities of the school.

The bridegroom is the son of W. C. Furneaux, who is widely known in ranch circles near Dallas, and was educated at A. & M. College, receiving his B. S. degree there in the school of Engineering Department, and is a young man of excellent business qualities.

He came to Cameron some four months ago as manager of the Community Natural Gas Company, succeeding George Gott, who was transferred. Mr. Furneaux has made many friends here during his short stay, and Cameron is delighted to welcome his bride to their midst. They will be at home to their friends at 524 East 21st street, Green's Addition to Cameron, after a few days wedding trip that takes them to San Antonio, Monterey, Mexico and other interesting points.

BUSINESS WOMEN TO STAGE MINSTREL SHOW

Plans are under way for the "Mammy Minstrel,"an all women's show to be given by the Business & Professional Women's Club under the direction of Lora May Baxley of Tyler, at Yoe High School, Thursday, October 5th.

The Marlin, Temple and Belton Clubs have just had successful shows staged by Miss Baxley, who writes and produces her own minstrels.

Forty adults will appear in the minstrel circle and two hundred children will take part in the choruses of the prologue song and dance numbers.

Cameron residents are in store for a real treat. Old and new songs will be used. The jokes are all local take offs and Cameron's prettiest girls will take the part of French Maids in a flashlight chorus. Tickets will be nominally priced. Circulars advertising the show will be distributed the afternoon preceeding the performance and a street parade will be held.

Miss Ann Stallworth, president of the local club, has named the following as committee chairmen: Mrs. Lotta S. Bigbee, general minstrel chairman; Mrs. Gladys Watson and Misses Kathleen Hargrove and Iva Wilson, adult cast committee; Misses Katherine E. Robbins, Rose Rischar and Kathryn Lovick, Junior cast committee; Miss Leila Woolley and Mrs. Kathryn K. Robbins, are named as ticket captains. Miss Delphya Scott as advertising chairman; Miss Catherine Bailey, Mrs. Cora Cammer and Miss Lilian Atkinson, parade committee.

Nagging Pains are WARNING SIGNALS

TEMPORARY pain relief remedies may save you much suffering at the moment, but putting a mask over a warning signal does not clear up the condition it was telling you to avoid.

When periodic pains, due to a weak, run-down condition, distress you, treatment for the cause of the trouble should be started without delay.

Take Cardui to build up against the nagging symptoms of ordinary womanly ailments. It has been in use for over 50 years. So many women praise CARDUI, it must be good to have the widespread use that it has today. Sold at drug stores.

THREE MORE STATES IN THE WET PARADE

Three more states Tuesday joined the "parade of the states" when Colorado, Maryland and Minnesota voted for prohibition repeal by wide margins.

Early returns from Colorado showed approximately 80,000 for repeal and 30,000 against. Denver was going wet by two to one vote. Eight of the 63 counties were dry in the first counts.

Maryland was going wet by a landslide vote. The city of Baltimore showed a vote of 119,000 for repeal as against a 11,000 vote against repeal. The state itself showed an eight to one majority in the incomplete returns.

Minnesota piled up heavy wet votes in the urban centers to carry the state for the wets by a two to one majority. The drys showed surprising strength in rural sections and carried some small cities.

The three new wet states make a total of 29 of the 36 required for national repeal. Twenty nine states have voted on the question this year and so far not a state has gone dry.

There are to be enough more elections this year to secure the necessary 36 before Christmas, provided they go wet. Repeal by Christmas has been the objective of the wets.

Will Stoebner of Ben Arnold was a visitor in Cameron Saturday. He ordered the Herald for another three years and says he enjoys reading these columns.

Miss Albina Janicek has returned to her home at Schulenburgh. She has been teaching there for several years. The Herald will go forward to her address this year.

86 Year Old Pioneer Woman of Davilla Writes of Early Pioneer Texas Days

My father, W. C. Lyfers, ran away from his Tennessee home to come to Texas when only a boy. He fought under General Houston for Texas independence, and was in the battle of San Jacinto.

Returning to Tennessee he married and taught school at Lebanon. There I was born on July 4, 1847. The glamour of Texas called my father still; and in 1849 he moved and settled at Nacogdoches.

In 1854 we moved to Port Sullivan, where my father taught. I did my first real work there. Seven years old and able to read and write nicely, I was a little assistant for the beginners and was so happy when their parents would praise me.

The year 1855 saw us moving to the location of the family home for years to come, a plantation of the Old South, near Bryant Station, in Milam county. There we established what soon came to be known as "Travelers Rest." We were half way between Belton and Cameron. Scarcely a night passed that we did not take care of some weary rider or ox team driver.

Supplies could only be had at Houston—by ox teams taking weary weeks for the trip. So only the most necessary things were brought.

Frequently we saw large herds of Longhorn cattle being driven by. Wild meat was very plentiful, and I probably have dressed more wild turkeys than any one now living.

When the fire went out (which was seldom, as it was well cared for) we had to borrow from our neighbors, sometimes many miles away. Matches were almost unknown. Our lighting was done with homemade candles, and we children walked miles to see a kerosene lamp some one had brought from New Orleans.

I remember hearing of the Riggs massacre. Also have a very vivid remembrance of the terrible blizzard of 1859. Our fat hogs froze in their pens.

Our home was also the post office during the Civil War. Mail was brought by a man named Sam Belton, who rode from Cameron to Belton twice a week.

Two of my brothers and a brother-in-law were with the Confederate army, one of them with the Second Texas Infantry. I wove cloth for the soldiers, weaving all night once to have an amount finished on time.

I married Dr. W. F. Sharp in 1868. We moved to Davilla a few years later; here I have lived ever since—62 years. Dr. Sharp's practice being large and scattered, he will be remembered by many. He passed away 20 years ago.

I have been a member of the Christian church 72 years. Was baptized by William Haublen of Salado, a pioneer preacher of this section. I am a charter member of the Christian church here, organized 50 years ago.—Temple Telegram.

OYSTERS "R" IN SEASON: With the advent of a new "R" month, the bluepoints are again occupying a prominent place on the nation's menu, and 40,000 men are being put back to work by this important industry. Vila Milli and Elsie Rossi, pretty members of the "Murder in the Vanities" cast, celebrate the occasion in an appropriate manner.

AMERICA'S NEWEST flower style is a floral propeller, christened the Harmsworth Lucky-Token Corsage in honor of the wives of Gar Wood and Hubert Scott-Paine, American and British speed boat kings. Mrs. Wood, right, and Mrs. Scott-Paine, left, are shown wearing the new corsages, pinned on them by Sue Adams, Dayton, O. Center of the corsage is a cluster of talisman roses, with blades fashioned out of gardenias and bronze-colored rose petals. The new creation will be introduced at the International Florist's Telegraph Delivery Assn., convention in New Orleans in September.

"BRAIN TRUST" loses one of its leading members, with the resignation of Prof. Raymond T. Moley, left, assistant secretary of state and adviser to President Roosevelt. He is retiring from politics to become an editor.

CHARLES T. COINER, Philadelphia, may not be the best known artist in the country. But his latest effort is probably being viewed by more people than any work in current art history. He designed the NRA emblem.

SICK HEADACHE

Many cases of *SICK HEADACHE* are due to constipation. If you have headache that is due to constipation, take Thedford's BLACK-DRAUGHT for refreshing relief.

"I have taken BLACK-DRAUGHT, when needed, for about 15 years," writes Mr. J. W. Cooper, of Longview, Texas. "I first began to use it for sick headache that seemed to come from constipation.

"I would suffer about twenty-four hours with these headaches. I found out that BLACK-DRAUGHT would help me, so that is what I took. I am glad to recommend it to others, for this trouble, for it will give relief."

Thedford's BLACK-DRAUGHT is a purely vegetable laxative, preferred by thousands of men and women because it is so effective and economical.

For CHILDREN, get the new, pleasant-tasting *SYRUP of Thedford's Black-Draught*, in 25¢ & 50¢ bottles.

The Most Modern Kitchen is the ALL-GAS Kitchen

—Cooking
—Refrigeration
—Water Heating

Even Country Kitchens Can Be Modern NOW!

The modern Gas Range, with its improvements for simplified cooking! The Air-Cooled Gas Refrigerator, which supplies ice cubes and automatic refrigeration from a tiny gas flame! The Automatic Gas Water Heater! No longer are these kitchen conveniences confined to the city home. STARGAS SERVICE brings these modern gas appliances to you—no matter where you live.

LIGHTING

In addition to providing natural gas service for cooking, refrigeration and automatic hot water, STARGAS SERVICE is ideal for lighting the entire home. With STARGAS SERVICE natural gas lights can be installed in every room in the farm home. Ask for a demonstration.

STARGAS

A NATURAL GAS SERVICE FOR THE COUNTRY KITCHEN

STARGAS SERVICE provides a private natural gas supply at your kitchen door. A simple installation of two portable drums containing a natural gas supply is placed outside any farm home. From these drums, natural gas is piped to your modern gas appliances. As a drum is used it is replaced with a full one from the warehouse stock of your nearest gas company office. STARGAS SERVICE is easy to install . . . safe . . . convenient . . . trouble-free. Your nearest gas company office will gladly demonstrate this modern natural gas service for the farm home and give you an accurate estimate of its cost for cooking, refrigeration, water heating or lighting.

Work-Worn Women

Find New Youth and Bloom In This Amazing Tonic

Women often fade fast because they have to bear the cares of the whole family. They become rundown, tired and haggard looking. Strength is needed—strength from the inside. There is no finer source of strength and vitality than Grove's Tasteless Chill Tonic. It contains both iron and tasteless quinine in highly concentrated form. Iron, as you know, builds blood, the source of all life and strength. Quinine tends to purify the blood. Thus, in Grove's Tasteless Chill Tonic, you get two extremely valuable effects.

Start taking this famous, time-proven tonic today and see how quickly you pick up strength and vitality. Mark the improvement in your appetite, in your pep and energy. Note the new youthfulness you feel and show. Three days will tell you wonders! Grove's Tasteless Chill Tonic is pleasant to take and contains nothing harmful. 40 years of use attests to its merit and safety. Get a bottle today at any store.

Got Over Weak, Painful Condition By Taking Cardui

"I was weak and run-down and suffered quite a bit with pains in my side," writes Mrs. Nick Barranco, of Beaumont, Texas. "I was nervous. I did not rest well at night, and my appetite was poor.

"My mother had used Cardui with beneficial result, so I decided to take it. I surely am glad I did, for it stopped the pain in my side and built up my general health. I took seven bottles in all."

For over 50 years, Cardui has been helping women just as this Texas lady describes above.

Cardui is sold at all drug stores.

A TONIC Laxative

CONSTIPATION, with the annoying symptoms that usually come with it, cuts down organic force and disturbs normal health and well-being. A thorough cleansing of the digestive tract is of great assistance in the removal of sickening constipation symptoms.

When excessive accumulated waste matter disturbs and strains the muscles of the large intestines, rendering them temporarily unable to perform their wave-like evacuating movements, Thedford's Black-Draught is useful in stimulating them to activity, which, again started, should continue regularly until some future disturbance interferes. In this way, Thedford's Black-Draught is one of the TONIC laxatives, tending, as it does, to establish a regular habit of evacuation.

Progress Reported On Highway Right of Way

Hon. C. M. Beard of Milano was in Cameron Thursday morning to appear before the Commissioners Court to discuss with the Court progress on highway 36 from Milano to Caldwell.

Mr. Beard, who has done much effective work on this road, says that easements have been signed and it is now certain that the road will be built. But little work remains to be done.

W. M. Cobb, secretary of the Chamber of Commerce, says that engineering costs have been approved for a survey through Cameron and for an underpass for the Waco-Cameron highway.

CHRISTIAN CHURCH

"Tasteless Christians" will be the topic for the sermon at the Sunday morning service at the Christian church.

The final sermon of the "Fundamentals of the Faith" series will be "Have We a Part in Salvation?" This will be the subject for the Sunday evening service.

The time of meeting for the Sunday evening service has been changed from 8 p. m. to 7:30 p. m. Come at 7:30 next Sunday and enjoy the fellowship of singing. Go to church Sunday!

With Regret

It became necessary under notice published in the last issue of The Herald to take from the list of readers a number who were in arrears. We regret that this was made necessary by regulations governing past due subscriptions.

Postage requirements for mailing such a large number of statements as would be required to cover the big family of readers, would be too much a burden in expense, therefore we gave notice in the columns last week. Those who have been discontinued may be reinstated by payment from date of expiration.

This issue will go forward to a large number of new readers who are reinstating their family newspaper as conditions improve.
